

Como Pool Replacement Project

Public Open House

The City of Saint Paul, in conjunction with the Como Pool Replacement Community Design Task Force, has been working diligently towards the creation of a design concept plan for Como Pool and beyond. An aquatic design team led by the Twin Cities firm of USAquatics is helping to prepare a plan to be responsive, collaborative and innovative.

The Most Livable
City in America

Wednesday & Thursday
March 18 – 19, 2009

5 to 7 p.m.

Como Park Zoo & Conservatory
Visitor's Center

The USAquatics design team will be “setting up studio” in the Como Neighborhood on March 18th and 19th for an intensive two days of collaboration with the community to generate a spectrum of concept ideas. At the conclusion of each day's design workshop, the studio doors will be thrown open for community members to talk directly with the design team about the ideas embodied in the concepts.

A public open house to view concepts will be the evenings of Wednesday March 18 and Thursday March 19, 2009 at the Como Park Zoo & Conservatory Visitor's Center from 5:00 – 7:00 p.m. Please stop in anytime during that time as your schedule permits.

See you on the 18th and 19th!
